Secretary:

Motion to approve January, 2021 Minutes. Motion passed.

Discussion as to whether there should be any modifications to the current Covid-19 restrictions, after debating the pros and cons it was decided not to change them at the present time.

Weekend Trips- Douglas Van Hoppe stated that the trips will be closer to New York once they are reinstated. He will draft an article about weekend trips, biggest concern at the present time due to the Pandemic is the dining issue.

Day trips issue was discussed as to how to have a fair wait list for day trips. No resolution was reached.

Ride ownership was a subject that was then discussed. Does a leader “own” a ride in terms of destination and how to get there? It was proposed that if a new leader would use a ride that was developed by another leader they would discuss it with the originator if they had any issues with that leader taking members on the ride that was first designed by the original leader.
Leadership - Chris stated that due to effects of a recent illness (not Covid) he is not able to focus on the Leadership class at the present time, but hopes to do so by April/May.

Spring training, will continue with the same limits of 8 people. The leaders must encourage the day trippers to keep social distancing at all times.

There was a proposal as to gift membership to the club, the club is considering the idea and will work on the details of the idea.

Maureen and Janice - Statement of Values - encourage participation of under privileged communities. This issue was tabled for March for future consideration.
